In a petition presented to the city council Thursday morning, the White House complains of the congestion of traffic in front of its place of business in Pioneer Plaza.

The cause for this, the complaint states, is the large number of machines that park all day in front of the building.

If not allowed to park there, or if the driving space were enlarged, the traffic could be satisfactorily handled, the petition states.

The matter was referred to the council as a whole.

## RIO GRANDE BANK TO BUILD HOME

To Celebrate Tenth Anniversary; Completing Plans for \$150,000 Building.

The Rio Grande Valley Bank and Trust company will celebrate its tenth anniversary Thursday by completing plans for a new \$150,000 bank and office building to be erected at steel street in the downtown business district.

The site of the bank has not yet been decided upon, but it is planned to make one new steel bank building six stories in height and to have it one of the most modern banking houses in the southwest.

On October 15, 1905, the Rio Grande Valley Bank and Trust company opened its doors on the north side of Texas street in the old Buckner building.

The room measured 20 by 100 feet and the entire force consisted of W. H. Cooper, president, Walter Arnold and an office boy.

The original capital stock was \$100,000 and, when the new bank opened, it was increased to \$150,000.

The new building will be a concrete structure with a steel frame and will be one of the most modern banking houses in the southwest.

When the bank first opened its doors it was the first state bank to be organized in west Texas.

The bank was organized by Winchester Cooley who had been paying teller for the first National Bank for the ten years preceding the opening of the new bank.

He was made vice president of the new organization with W. W. Turner as president. Mr. Turner, like Mr. Cooley, has continued through the ten years in the same position and the bank has a steady growth building that of the city itself and aiding materially in its growth.

The original capital was \$100,000 but the total assets amounted to \$150,000. The first three years of the bank's history to 1908, the stock held by the bank was \$100,000.

The capital stock is now \$150,000, the surplus and undivided profits amount to \$150,000 and the total assets amount to \$300,000.

One of the strong features of this bank has been the home building through the savings department.

The present officers of the bank are: W. W. Turner, president; Winchester Cooley, vice president; T. M. Wingo, view president; W. E. Arnold, cashier; S. R. Schwabe, secretary; Paul L. Johnson, assistant cashier; Leo Rosenfeld, assistant cashier; H. V. Watson, auditor. The directors are: J. J. Johnson, W. E. Arnold, H. V. Watson, E. M. Bray, T. M. Wingo, G. Zork, Winchester Cooley, H. T. Pansford, Dr. H. M. Worsham, S. R. Schwabe.

**STOCKHOLDERS TO ELECT NEW ROCK ISLAND DIRECTORS**

Chicago, Ill., Oct. 14.—Stockholders of the Chicago, Rock Island and Pacific Railway company met here this morning, but owing to the delay in arrival of some of the proxies gathered by the American committee, recess was taken until 2 p. m.

R. E. Johnson, of counsel for the American committee, stated that the interests opposed to Field-More, as represented by the American and Hawaiian committees, now have voting control of the road, although real control is in the hands of the federal court, represented by Jacob M. Dickinson, the receiver.

This statement was made in advance of the checking up of the proxies.

Seven directors are to be chosen. The total of the board is 12. The new members, mostly western men, were agreed upon by the several interests in the road some time ago. There was no business other than the election before the stockholders.
